

CHRISTIAN COLLEGE KATTAKADA

ENVIRONMENTAL CLUB REPORT

2016-2017

In association with the Environmental club, students of the Department of Botany analysed the quality of drinking water in the surrounding local areas of Kattakada as part of the project work and informed the people about their findings. They collected different samples from different regions of Kattakada area.

Ozone Day was observed by the Department of Botany on 30.9.2016 in association with Environmental club, Christian College, Kattakada. A one-day seminar and poster designing competition organised on the focal theme *Ozone & Climate: Restored by a world united*. About 150 students participated in the seminar. Dr. Boby T. Edwin, Assistant Professor & Head, Department of Botany, TKM Arts and Science College, Kollam & Sri. Udayan Nair, Deputy Range Forest Officer, Social Forestry, Trivandrum were the resource persons. After the seminar a quiz completion was conducted and certificates were distributed for the participants and prize winners
