

CHRISTIAN COLLEGE, KATTAKADA

Walk With a Scholar Programme (WWS)

REPORT

Walk With a Scholar Programme 2014-15

In 2014-15 30 students were admitted in the programme as mentees. Five internal mentors were provided to them. Study material and stationary kits were provided to the mentees. During this period only first year students were included.

Walk With a Scholar Programme 2015-16

In 2015-16 60 students were admitted in the programme as mentees. Ten internal mentors were provided to them. Study material and stationary kits were provided to the mentees. During this period first and second year students were included. A motivational visit was conducted to Abdul Kalam sir's birthplace Rameshwaram and Trichy with 30 second year degree students in the same year. As part of our motivational visit through Nagarcoil we reached Rameswaram on morning 10-03-2016. We took room in Rameswaram and visited Dr. A P J Abdul Kalam's residence, converted to a beautiful museum. Usually common citizen won't be able to see gallantry awards presented to great epic citizens. However because of Dr. A P J Abdul Kalam and his family's generosity, even ordinary citizen is able to see the highest awards given to citizen of India ie, Bharat Ratna. We are blessed to see many quotes which are of motivation and many precious and memorable photos. We saw the educational institutions where Dr. A P J Abdul Kalam studied. We were amused seeing so many honours given to Dr. A P J Abdul Kalam from International and National Universities and other institutions. Beautiful Photographs honoring Dr. A P J Abdul Kalam are displayed in a attractive manner. On the next morning after seeing Ramar padam and Pamban bridge on the way, started to Trichy. We reached NIT at 12.00 PM. NIT Trichy is one of the top 10 best Universities among 31 NIT in India. It was established in 1964. The most attractive thing is that no student in the campus are allowed to use scooters or bikes inside the campus but they have to use bicycles in order to move inside the campus spread over 800 acres of land. In the campus we saw building 'Ojas" of Dept. of Science and they were celebrating their golden jubilee. Then we participated on the fest Organised by the Architect

Dept. named 'Arch Cult 2016: Vridhi' fest. Then after departing, we reached college on 12-03-2016.

Walk With a Scholar Programme 2016-17

In 2016-17 90 students were admitted in the programme as mentees. 15 internal mentors were provided to them. Study material and stationary kits were provided to the mentees. Under graduate students from the nine departments were included in the programme during the year.

Walk With a Scholar Programme 2018-19

Christian College, Kattakada had completed Walk With a Scholar Programme 2018-19 successfully. Study material and stationary kits were provided to the mentees. Two mock tests for second year mentees were conducted. The mock tests were handled by Prof. Roosevelt and Prof. Shijumon .K.J. Mementos were presented to the best performers. We have completed fifty hours of external mentoring during this period.
